November 2, 2026

Innovista to Exhibit at the 3rd Kanto Hotel and Ryokan Industry IT and Renovation Exhibition and Business Meeting

Experience solutions for bath salts, linen supply, buffet operations, ultra-fast freezing, and vacuum compression

Innovista will exhibit at the 3rd Kanto Hotel and Ryokan Industry IT and Renovation Exhibition and Business Meeting, to be held on Wednesday, December 2, 2026.

We will present solutions that address hotel operators' management challenges, improve operations, support environmental initiatives, and create added value for guests. We look forward to welcoming you.

Date and time	Wednesday, December 2, 2026, 10:30-17:30 JST
Venue	Grand Nikko Tokyo Daiba, 2-6-1 Daiba, Minato-ku, Tokyo 135-8701
Telephone	03-5500-6711
Admission	Free; advance registration is required
Registration	https://www.hotel-tenjikai.jp/tenjikai.php?tid=107

Solutions at the Innovista Exhibition Booth

1. Original Bath Salt Experience

A dedicated experience booth will introduce an amenity concept designed to make a hotel stay more memorable. Guests choose from eight scents and colors and create their own bath salt in three simple steps.

The experience can improve guest satisfaction, create a memorable activity for women, children, and families, and encourage guests to share their stay through photos, video, and social media. It turns an amenity into a travel memory.

Service concept image

2. Ultra-Fast Freezing Technology

This solution addresses labor shortages, food loss, and operational efficiency. A tasting demonstration will let visitors experience food prepared using ultra-fast freezing technology.

3. Neo Linen

A non-iron linen solution designed to address linen-supply challenges will be displayed in a fully made-up bed setting.

A seminar titled 'A Proposal for Solving Linen Supply Challenges' will also be held at the venue from 15:45 on the same day.

4. fromG-Hand

This proven automated hand-towel service has many installations. The new thick hand towels have obtained FSC certification. Visitors can evaluate their feel and learn about the complimentary service proposal.

5. VAGO Vacuum Compression Solution

VAGO is a practical solution for travelers facing overpacking challenges. Its compact, remarkably light body delivers powerful vacuum compression, easily compressing bulky clothing and helping travelers use suitcase space more efficiently.

We look forward to welcoming hotel and ryokan industry professionals to the exhibition.
